(54) **Manufacture of reinforced composite revolution bodies**

(57) Process for manufacture of reinforced composite revolution bodies comprising contacting at elevated temperature a plurality of substantially aligned continuous reinforcing fibres with molten extruded thermoplastic and/or thermoset resin, and contacting the fibre supported molten resin with a continuous thermoplastic

and/or thermoset revolution body in manner to provide a continuously wound reinforced body, apparatus for the manufacture thereof, continuous reinforced composite revolution body obtained thereby and its use for distribution of fluid in a continuous network and component parts of the process and apparatus.

EPO FORM 1503 03/82 (P04C01)

European Patent
Office

Application Number

EP 97 30 8411

CLAIMS INCURRING FEES

The present European patent application comprised at the time of filing more than ten claims.

- ☐ Only part of the claims have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims and for those claims for which claims fees have been paid, namely claim(s):
- ☒ No claims fees have been paid within the prescribed time limit. The present European search report has been drawn up for the first ten claims.

LACK OF UNITY OF INVENTION

The Search Division considers that the present European patent application does not comply with the requirements of unity of invention and relates to several inventions or groups of inventions, namely:

- ☐ All further search fees have been paid within the fixed time limit. The present European search report has been drawn up for all claims.
- ☐ Only part of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the inventions in respect of which search fees have been paid, namely claims:
- ☐ None of the further search fees have been paid within the fixed time limit. The present European search report has been drawn up for those parts of the European patent application which relate to the invention first mentioned in the claims, namely claims:

**ANNEX TO THE EUROPEAN SEARCH REPORT
ON EUROPEAN PATENT APPLICATION NO.**

EP 97 30 8411

This annex lists the patent family members relating to the patent documents cited in the above-mentioned European search report.
The members are as contained in the European Patent Office EDP file on
The European Patent Office is in no way liable for these particulars which are merely given for the purpose of information.
